REFERENCE LETTER

Agus Innovation Sp. z o.o. has been leasing a warehouse and an office space in one of the Alliance Logistics Center buildings since May 2005.

On the basis of previous cooperation I must emphasize that developer of the complex - Menard Doswell & Co. is a competent and reliable company. Crucial are not only professional services but also providing tenants with maximum flexibility. As dairy products producer we have special requirements for storing goods. I must admit that I am very satisfied with solutions guaranteed by Menard Doswell.

I would also like to indicate that Alliance Logistics Center provides superior, class A distribution and light industrial space with direct access to the E30 highway, the main arterial route linking Warsaw with Western Europe.

According to this I would like to recommend Menard Doswell & Co., as a solid and professional company.
